

We are committed to you.

For more than 118 years, S&T Bank has helped customers safeguard their financial health during periods of crisis and market volatility. From natural disasters to economic recessions, we have endured as an institution and as a committed banking partner to the people and communities we serve through the experience of our leadership and the dedication of our employees.

As we all continue to navigate and respond to the Coronavirus, we are first and foremost focused on your safety and health. We are following the guidelines set forth by government health officials to limit personal interactions for our employees and our customers.

At the same time, we remain open for business and ready to serve all your financial needs. Please visit our branches through our drive-up windows, ATMs, and online and mobile banking. If you need additional guidance to help you with your personal and business financial circumstances, our bankers are available and committed to providing you with financial solutions now and in the future. For the most complete and updated list of our customer assistance relief program, please go to our [COVID-19 update](#) page or call our Solution Center at [800.325.2265](tel:800.325.2265).

We know these are unsettling times, but we are confident that together we will persevere as we've done for more than a century. We are thinking of you and your families during this time and are here to support you, whatever the coming weeks and months may bring.

Sincerely,

A handwritten signature in black ink that reads 'Todd D. Brice'.

Todd D. Brice
